

Schenectady County Human Rights Commission

Public Information and Education Committee

Monica Arias Miranda, Chair

Tony Gaddy, Co-Chair

Monthly Committee Report

March 11, 2010

Committee Updates

- The PIEC's goal is to inform and educate County citizens about the Commission's work and mission through media coverage, speaking engagements and distribution of printed material, however, the Committee has been inactive for a period of time.
- Ms. Arias Miranda has taken the challenge of Chairing this committee along with Mr. Gaddy as Co-Chair. An outline will be drafted indicating the proposed actions for the PIEC in the coming year and moving forward.

Committee Actions

- The first initiative the Committee would like to undertake is the announcement of the three new Commissioners through a press release. A short bio from each new Commissioner along with a head-shot photo will be needed. Including in the press release should also be a list of existing Commissioners and term expiration.
- PIEC is also recruiting volunteers to help with its efforts to educate the public about the Commission and goals. Volunteers will work closely with Chair & Co-Chair to implement any actions by the PIEC.

The Committee's goal is to inform and educate County citizens about the Commission's work and mission through media coverage, speaking engagements and distribution of printed material.
